FOLIA™ Table Program

Architect's and Designer's Specification Manual

What is the Table Program?

The Table Program consists of a series of standard-sized square and round table tops with custom graphics manufactured from Folia™-phenolic laminate or ALTO™. Custom sizes and shapes are available. Bases at table and cocktail height are available.

Typical uses:

- Interior and Outdoor (Alto™)
- Branded Environments
- Restaurants
- Bars
- Corporate Cafeterias

Why Folia™ Tables

- Durable custom images
- Surface resistant to cigarette burns and alcohol
- Water and graffiti resistant
- Easy to maintain
- Environmentally friendly processes
- 10-year limited warranty
- Spectacular colors – Ask for a sample
- Personal Service: Specific Project Manager assigned for the length of each project
- Technical support available to you at all times
(for suggestions, advice and assistance with our Design Guidelines)
- Pre-Flight Department ensures complete accuracy of your graphic files
- In-house design department available to create visuals that will meet your needs

FOLIA™ Table Program

HOW TO SPECIFY & ORDER

1. Choose Table Top Size

- 24" Round
- 30" Round
- 24" x 30" Square

2. Choose Material:

- Folia™, High-Pressure Laminate
- ALTO™
- Luströ™

3. Choose Base (If Required)

- Table Height (29")
- Cocktail Height (42")

4. Artwork

- Supply artwork per Sh[i] Design guidelines
- For assistance, contact your Sh[i] Representative or Project Manager.

Table Program General Information

1. Proofing - Choose:

Paper Content Proofs

- 11" x 17" paper proofs are the most economical way to verify layout content.
- Larger layouts are reduced to fit the 11" x 17" printable area.

Full-Scale Paper Proofs

- Allows verification of content and legibility at full size.

Half-Scale Paper Proofs

- More economical than the full-scale, half-scale proofs allow accurate content verification.
- Best for large layouts with text that would be unreadable when reduced to 17" x 11".

PDF Paperless Proofs

Maintenance

Clean only with non-abrasive cleaners like Windex, water with mild soap, followed by a warm water rinse, and dry with a clean, soft cloth.

To remove graffiti, use "Disappear-Organic Graffiti, Adhesive and Paint Remover™" and, if shadows persist, use "Professional's Choice Shadow Max™". Rinse with warm water and dry with a clean, soft cloth.

Be careful to not damage the surface or its finish sheen by bearing down too hard or over-cleaning.
