

MEMORANDUM

Date : November 03, 2008

To : All Folia™ Industries customers

From : Stephan Roy, President

Subject : Name change

Dear customer,

As of November 1st, Folia™ Industries merged with its sister company, Système Huntingdon inc (Sh[i]). This event does not change any of the legal status of the company other than the name change.

You can then continue using all the legal / fiscal or financial information you already have in hand that reports to Folia™ Industries inc. Only your payment will now have to be addressed to Sh[i].

In the future, you will begin to see more and more the name Sh[i] on our official correspondence. The quotes and invoices will be labeled to the new name but you will still see the name Folia™ Industries around since it will continue to be used as a trade mark for our interpretive panels, DHPL and custom laminate.

In a continuous effort to better serve our customer, we have integrated both Folia™ and Sh[i] team into a stronger and more efficient structure that can offer solutions based either on the more traditional Folia™ DHPL products or the innovative Alto™ image transfer technology. You can be assured that we will continue to serve you with the same professionalism and that the team is still fully dedicated to deliver the best services and products of the industry.

For the past 35 years, Sh[i] has remained at the forefront of custom architectural turnkey environments. Synthesizing creativity and durability, Sh[i] expertly crafts carpentry and sub-surfacing technologies into dynamic visual solutions.
